

ACTi IP Speed Domes Pave the Way for the Tourism Development of Taiwan National Park

With ACTi 16-channel management software, Streaming Activator, and ACTi IP speed dome, CAM-6220PW, ACTi has empowered the tourist facility and improved the security surveillance system at the tourist center of the

Yushan National Park.

The local authority has been planning to create a portal on the official website of Yushan National Park via which remote scenery spots in the flatland could be viewed and explored through out each tourist station in the park.

A high point near by the gate of Nan-an Visitor Center has been chosen to mount Day and Night IP speed dome, CAM-6220PW. Its impressive feature of 27x optical zoom and its flexible option to do easy control over pan and tilt enables a wide and clear 360-degree overview of the grassland.

Thanks to ACTi products' unique transmission performance, capable of sending D1 resolution (720*480) at 25 frames per seconds at only 1.2 to 1.5Mega bit per second, the wireless streaming structure could be achieved

advantageously. As the CAM-6220PW was given an IP address, it allows the public to easily retrieve the real-time captured video by clicking a link on the official website via a simple URL command integration.

The extra benefit of this successful installation of CAM-6220PW is that, with the help of ACTi

Streaming

Activator

software installed,

it gains a clear view angle of the entrance for all

tourist centers spread throughout the park. And

therefore, it also facilitates the overall management of

tourist visits at the park

About ACTi

ACTi is the leading product developer and manufacturer of MPEG-4 IP surveillance products and solutions. ACTi is able to deliver MPEG-4 ASP compliant video streams at Full D1 resolution and 30/25 frames per second. ACTi offers the most complete IP-based Surveillance product line and provides one-stop-shopping convenience for IP surveillance solutions including MPEG-4 IP camera, video server, transcoder, and NVR. ACTi also offers management application software and SDKs for solution integrations. ACTi is the best choice and most reliable partner in the IP surveillance market.
